Gazebo B101040-F69-295, B101240-F69-295 & B101440-F69-295

ENJOY THE OUTDOOR'S LIFESTYLE

Create your own relaxation area to be sheltered from bad weather, make it your haven of peace or a place to enjoy gatherings with family and friends.

Aluminum and treated steel structure.

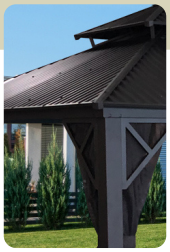

The exterior aluminum structure, including the sturdy 4" posts (1.2 mm thickness), will allow it to stand the test of time without rusting, while the treated steel roof supports will ensure its longevity.

Galvalume roof

The perfect alloy to obtain strength and anti-corrosive, Galvalume is composed, among others, of aluminum and steel to take advantage of the best properties.

Purposeful design

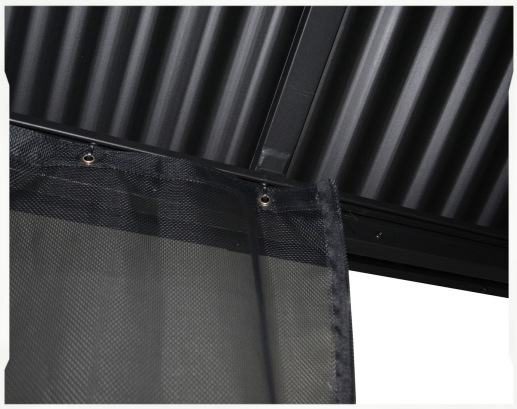

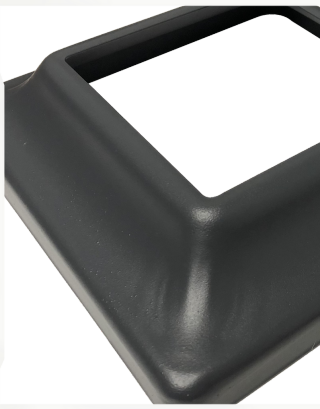

To enhance this pavilion, special features were incorporated, such as the addition of a double roof for better ventilation and heat evacuation and the addition of covering bases.
