Umbrella NUHK07A-F76-289, NUHK07A-F76-290 & NUHK07A-F76-291

ENJOY THE OUTDOOR'S LIFESTYLE

Create a shaded area with this umbrella that offers a multitude of possible configurations to maximize your comfort.

Solids Components

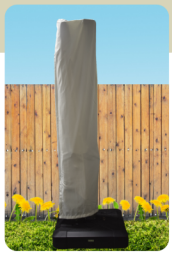

Designed to last, the sturdy aluminum frame will avoid the hassle of corrosion. Its 250g polyester fabric is coated with a weather protection to better preserve its original shine.

Multiple orientations

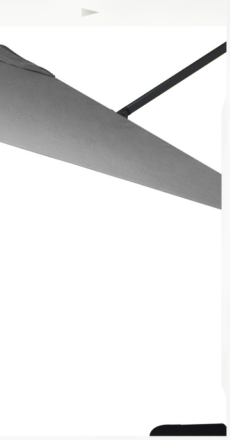

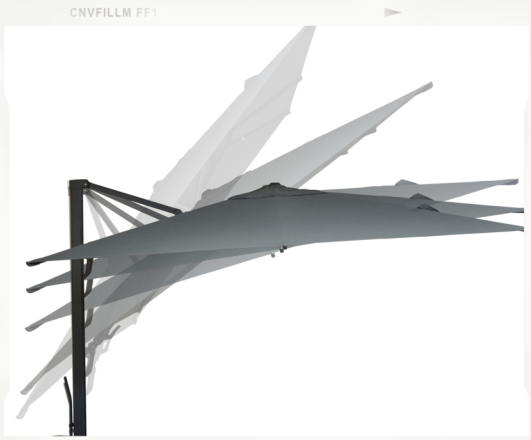

In addition to having a rotation mechanism at the base of the pole, this umbrella allows for 6 different tilts as well as a horizontal swivel to protect you no matter where the sun is.

Protection cover

Equipped with a protective cover, your parasol, when stored, will be protected against dirt, UV rays and bad weather in order to prolong its appearance and its lifespan.
